

CALL FOR PAPERS

2018 IEEE PES T&D LA

Lima, Peru | September 18-21, 2018

The 2018 IEEE PES Transmission & Distribution Conference and Exhibition - Latin America (T&D LA 2018) is the premiere event for electric utility professionals, contracting, construction and consulting companies who are interested in the hands-on solutions for the engineering, construction, operation and maintenance of the world's power transmission and distribution systems. The program spans four days, featuring three-days of technical program and exhibits and a one-day technical visit.

The conference will also include presentations of recognized worldwide experts, technical papers, and tutorial courses along with an industrial exposition. The conference will focus on the current state of the art and lessons learned from techniques and practices developed by leading international companies and utilities.

T&D LA 2018 will be held in Lima, World Heritage Site. Museums with great works of art, archaeological sites, beaches, the boardwalk, valleys, natural reserves, the nightlife, the thrill of adventure sports, and the exquisite cuisine gives Peru's capital an authentic personality and makes tourism in Lima a unique experience in the country.

The Conference Organizing Committee invites you to submit a full length original research contributions from engineering professionals from industries, R&D organizations, academic institutions, government departments and research scholars from across the world.
