IEEE PES is expanding the scope of its Gold Open Access Journal

IEEE Power and Energy Technology Systems Journal (PETS-J) will soon become the IEEE Open Access Journal of Power and Energy

We are embracing the movement towards open access by expanding the scope of our peer-reviewed open access journal.

Effective January 2020, PETS-J will be renamed IEEE Open Access Journal of Power and Energy. The Gold open access journal will now publish both academic and practice-oriented articles across the entire PES technical field of interest.

All papers under review within PETS-J during the transition will be inherited by the IEEE Open Access Journal of Power and Energy. The peer review process remains the same.
