IEEE PES Student Branch Chapter Coordinator
Denver, IEEE PES GM, July 26, 2015
Currently there are 161 PES SB Chapters

Increase number of new PES Students in Regions 1-7
How to form PES SB Chapter?

It's easier than you think! Creation of a PES Student Branch Chapter requires 5 simple steps:

1. An IEEE Student Branch is required to establish a PES Student Branch Chapter
2. Signatures of at least six (6) IEEE Student Branch members, who are members of PES.
3. A Faculty Advisor, who is also a member of IEEE and PES
4. The name and address of the Student Branch Chapter organizer
5. Completed and approved petition.

More details on: [http://www.ieee-pes.org/pes-communities/students](http://www.ieee-pes.org/pes-communities/students)
Benefits for PES Student Branch Chapter!

1. Startup Funds:
   • Each new PES Student Chapter receives $200US of start up funds.

2. High Performing Student Branch Chapter Program (HPSBCP)
   • All IEEE PES Student Chapters are eligible to participate every year and receive funds from $200 to $500US.
   • 23 PES Student Branch Chapters were awarded a total of $8510 in 2014.
   • The Outstanding PES Student Branch Chapter in 2014 was the University of Sarajevo and was rewarded with $1000.
IEEE PES Student Congress

• First IEEE PES Student Congress was held at Middle East Technical University in Ankara, Turkey in 2014.
• The Congress covered technical lectures, a fair, IEEE/PES non-technical workshops, both technical and historical field trips and was sponsored by domestic electrical companies.
• There were gala dinner and multicultural night.
• 40 students from 22 different countries and six speakers from five countries were together for three days to share and expand their professional network.
2nd IEEE PES Student Congress

• Will be held in 2016
• Call for Proposal is still open.
