

PES ANNOUNCEMENT FOR 2012 CHAPTERS MEMBERSHIP GROWTH CONTEST

To: PES Chapter Chairs

The IEEE Power & Energy Society Chapters Membership Contest (CMC) is conducted by the Chapters Activities.

Rules and Eligibility

All PES Chapters that submit a combined Annual/High Performing Chapter report will be automatically considered for the Membership contest.

Membership based numbers will be measured upon statistics from December 31st, previous year. This will be compared with the December 31st; current year to determine which chapters will be the winners of the contest.

All Chapters exceeding a minimum quota of growth in higher IEEE grade PES members, excluding all student members will be eligible to participate in the contest final count after combined Annual/High Performing Chapter report

There will be two categories for large (>100 members) to exceed 6% growth and small (<100 members) chapters to exceed 15% growth.

Prizes for each category will consist of the following:

First Place: \$1,000

Second Place. \$ 500

Third Place: \$ 250

Contest is for calendar year 2012 and final results announced after review of the 2012 IEEE Secretary's Report in April 2013. Participation in this contest is part of the consideration for the PES High Performing Chapter Program and Outstanding Chapter Award. Winner will be officially announced by May 1st, 2013.

Chapters Award Committee and VP Chapters will provide the chapters' data, obtained from the combined Annual/High Performing reports to PES Membership Development administrator for monitoring membership growth during current year.
