

Jump Start Your Career with a PES Student Membership

Students can join PES as Student Members at a discounted rate and receive special discounts. Even better, your first year of student membership in PES is Free! If you are a student at a university (undergraduate or graduate), community college, trade school or high school you can join PES as a student member.

Enhance your resume.

Impress potential employers with a PES membership on your resume. It shows you are dedicated to enhancing your career and are informed of the latest trends in power and energy engineering.

Student Member Benefits:

- » First year of student membership in PES free
- » Participate in student-centered programs at PES-sponsored conferences such as poster and paper competitions
- » Eligible for special housing subsidies to attend conferences
- » Special discounts at PES-sponsored conferences
- » Automatic membership in your school's PES student branch chapter (if existing)
- » Find jobs through the use of PES-Careers—a free on-line career-matching service (www.pes-careers.org)

Additional Information:

- » PES student membership is US \$18/year*
- » IEEE student membership is US \$32/year*
